AN INTRODUCTION

ABOUT AP&C

We put our clients at the heart of everything we do. We are strategists. We are storytellers. We are creators. We take our clients' needs and wishes and work together to bring it to life.

From starting out as a print company, communicating our client's message has always been at the heart of what we do, but these days our service stretch so much wider than just print. Still with the clients message at our hearts we build strategies using creative, print, events, videos, websites, social media, merchandise and telemarketing to deliver for our clients.

With a close-knit team of professionals, each skilled in their own area, our clients love how responsive we are to each and every request.

ANKER 165W POWER BANK

This Anker Powerbank is built for serious on-the-go charging. With a massive 165W output, it powers everything from smartphones to laptops with incredible speed. Its standout feature is the two built-in USB-C cables - one retractable and one integrated into a durable carry strap. Charge up to four devices simultaneously via additional USB-A and USB-C ports, while staying informed with a smart digital display that shows real-time power and battery status. With Anker's advanced ActiveShield 2.0 for safe charging and a compact design.
